Dr. Truls Gundersen

Norwegian University of Science and Technology NTNU Trondheim

Department of Energy and Process Engineering

Trondheim, Norway

e-mail: truls.gundersen@ntnu.no

Dear Dr. Gundersen,

I am pleased to inform you that your student, **Chao Fu**, is a winner of a 2012 AIChE Separations Division Graduate Student Research Award. Congratulations on a great achievement!

This is a highly competitive award with a global request for nominations. The award is sponsored by the AIChE Separations Division and, as of this date, Millipore and Air Products. It comprises a \$200 check and a plaque for the student. The award will be presented at the Separations Division's Dinner on Monday 29 October 2012 at the Annual Meeting in Pittsburgh. Chao may attend the dinner free of charge as the guest of the Separations Division. Advisors and other guests planning to attend the dinner will need to sign up and pay the required fee when registering to attend the meeting. It is possible to register for the dinner only. Please confirm to me by e-mail your and Chao's plans for attending the awards presentation dinner.

Additionally, to process the award check and to file the appropriate tax forms, I will need Chao's SSN (if a US Citizen) and full mailing address. A Form 1099 will be sent to this mailing address regarding this award for this tax year.

Congratulations again, and I look forward to seeing you at the dinner.

Sincerely,

Micholas F. Albanski

Nicholas F. Urbanski, P.E. AIChE Separations Division Director, Awards
