"It was exhilarating to be immersed in research in a completely new way. My experience in Norway was amazing and my worldview has widened. I am positive my Valle experience will continue to enrich my life and career."

JOHN WERNER, MSCE UW VALLE SCHOLAR '10

"The Valle Scholarship Program has had a major influence in my life and my career. It gave me the chance to pursue studies and research within the sustainability field that I am most passionate about. I would probably not be where I am today if it were not for the Valle Program."

MARTINA SODERLUND, ENGINEER AT STANTEC CONSULTING, MSCE VALLE SCHOLAR FROM SWEDEN '07
