

Import av referanser fra PEDro

- ! Husk å alltid ha en oppdatert backup av biblioteksfila og tilhørende datamappe før du gjør større endringer eller importerer til EndNote!

Det ser ut som om filteret som følger med nyere versjoner av EndNote fungerer OK i forhold til å importere referanser fra Pedro til EndNote

Import fra PEDro:

Author/Association:	Remove this record Qaseem A, Wilt TJ, McLean RM, Forciea MA, Clinical Guidelines Committee of the American College of Physicians [American College of Physicians]
Title:	Noninvasive treatments for acute, subacute, and chronic low back pain: a clinical practice guideline from the American College of Physicians
Source:	Annals of Internal Medicine 2017 Apr 4;166(7):514-530
Method:	practice guideline
Method Score:	This is a clinical practice guideline. Clinical practice guidelines are not rated.
Abstract:	DESCRIPTION: The American College of Physicians (ACP) developed this guideline to present the evidence and provide clinical recommendations on noninvasive treatment of low back pain. METHODS: Using the ACP grading system, the committee based these recommendations on a systematic review of randomized, controlled trials and

Marker innholdet i eposten fra Pedro (**6**). Det er viktig at du får med alt innhold (alle taggene) (**7-8**). Kopier det merkede innholdet inn i en teksteditor (Notisblokk, Wordpad eller Word). Lagre så en ny fil i ren tekstformat (.txt) (**9**). Det er denne filen som skal importeres til EndNote.

9

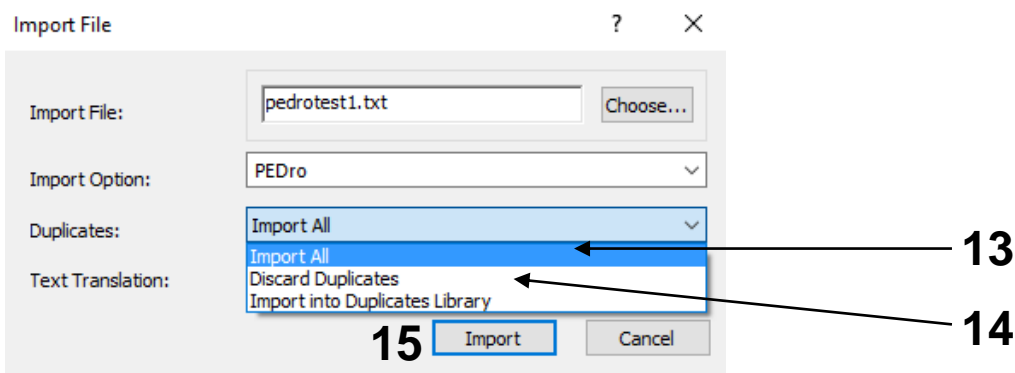

Åpne EndNote, og velg **"Import"** fra **"File"** menyen.

Velg fil som skal importeres (**10**).

Velg deretter importfilteret **PEDro** (**11**) (eller det navn som du selv ga PEDRO-filteret når du lastet det ned) fra lista. Riktig importfilter er nødvendig for at referansene skal bli korrekt importert til EndNote.

Første gang må **"Other filters"** (**12**) velges. Velg så riktig filter fra listen over tilgjengelig filter.

Avslutt med **"Choose"** knappen.

Velg **"Import all"** fra **"Duplicate-menyen"** (**13**) hvis du ønsker å importere alle referanser i fila uten at det sjekkes for duplikater i basen (du kan imidlertid filtrere ut duplikater i EndNote senere). Velg **"Discard duplicates"** (**14**) hvis du ønsker å filtrere ut eventuelle duplikater i forbindelse med selve importen.

Trykk deretter på **"Import"** knappen (**15**), og referansene vil bli importert inn i EndNote.

EndNote åpner nå en liste over kun de importerte referansene. Det ser ut som om at tidsskriftreferanser blir korrekt importert inn i EndNote, mens det varierer hvor godt andre dokumenttyper blir importert. Det er derfor nødvendig med en manuell kontroll av de importerte referansene for å eventuelt foreta nødvendige justeringer.

Velg **"Show all references"** fra **"References"** menyen for å se alle referansene i den valgtebiblioteksfila.
