EndNote[™]

How to import references from Global Health (Ovid)

Make a back up of your EndNote library before doing major changes or imports to EndNote!

Direct import:

Tick the references that you want to export (1) or click "All" (2) if you want to import the whole list. Then choose «Export» (3).

Export Citation(s)	x
Selected: 1 Total: 1	
Format: EndNote 4 ~	Choose «EndNote» (4) from the first dropdown menu and «Complete Reference» (5) from the second dropdown menu.
Fields:	Finish with «Export » (6).
Complete Reference 5 ~	
Include:	
 ✓ Link to External Resolver ✓ URL 	
Cancel Export 6	

EndNote™

Opening ovidweb.cgi	×		
You have chosen to open	:		
which is: OVID Dire from: http://ovidsp What should Firefox do v	ct 7 .uk.ovid.com with this file?		
Open with Res	pen with ResearchSoft Direct Export Helper (default)		
○ <u>S</u> ave File			
Do this <u>a</u> utomatic	ally for files like this from now on.		
	OK Cancel		
Subject	el ife: 2016 5/10281		
Author	Apne		
Journal Apne alltid filer av denne type Book

	Avbryt		
ovidweb.cai			

:e

Firefox: Click **«OK»** when you get this window **(7)**.

Chrome: The import file is automatically stored and you must open it afterward **(8)**.

Microsoft Edge: The import file will normally open directly in EndNote.

Presently, there is not a designated EndNote import filter for Ovid Global Health. Search for the Embase Ovid filter (9) and choose this filter (10). Finish with "Choose"

EndNote will now only list the imported references. We recommend that you check a couple of references to see that the import was correct.
