Number of items to be saved: 1

Save citations to a file formatted for:

- ⦿ Direct Export in RIS Format (e.g. CITAVI, EasyBib, EndNote, ProCite, Reference Manager, Zotero) **2**
- ○ Generic bibliographic management software
- ○ Citations in XML format
- ○ Citations in BibTeX format
- ○ Citations in MARC21 format
- ○ Direct Export to RefWorks
- ○ Direct Export to EndNote Web
- ○ Direct Export to EasyBib
- ○ Download CSV
- ○ Direct Export to NoodleTools

[**Save**] [Cancel]
3

Click **"Export" (1)** in the right menu to import a single reference. Choose the option for direct export to EndNote **(2)**.

Finish with **"Save" (3)**.

The export file will usually be saved by the browser, and you need to get it opened for the references to be imported to EndNote.

Examples below show Chrome, Edge and Mozilla Firefox.

EndNote™

5

Mozilla Firefox: Click on export file (open) to get the references imported to your library **(4)**.

Google Chrome: Click on export file (open) to get the references imported to your library **(5)**.

Internet Edge: Click on **"Open File"** to get the references imported to your library **(6)**.

Safari (Mac): Export file will be downloaded and available in Finder. Click on import file in Finder and drag it over the EndNote icon in the bottom of your screen. The references will now be imported to your library.

EndNote will now only list the imported references. We recommend that you check a couple of references to see that the import was correct.

Click on **"All references"** in the left pane to see all references in the library.

EndNote™

Search Medline (Ebsco).

Choose relevant references by clicking **"Add to folder" (1)** or click **"Share" (2)** and **"Add 1- XX" (3)** if you want to import all references in the page. Repeat this if the search list have several pages. It is possible to export the complete search result in one operation by having the database to send an import file in an email. See page 5 for more information.

Clik **"Folder View" (4)** on the right side when all relevant references are chosen (or **"Folder"** in the top blue menu line).

Tick the boxes for the references that should be imported **(5)** or tick to select all **(6)**. Click «**Export**» **(7)** send selected references to EndNote.

Save E-mail

Number of items to be saved: 1

10 ☐ Remove these items from folder after saving

Save **9**

Save citations to a file formatted for:

8 ⦿ Direct Export in RIS Format (e.g. CITAVI, EasyBib, EndNote, ProCite, Reference Manager, Zotero)
○ Direct Export to EndNote Web
○ Generic bibliographic management software
○ Citations in XML format
○ Citations in BibTeX format
○ Citations in MARC21 format
○ Direct Export to RefWorks
○ Direct Export to EasyBib
○ Download CSV
○ Direct Export to NoodleTools

Choose **"Direct Export in RIS format……"** **(8)** and finish with **"Save"** **(9)**. Tick **(10)** if you want to empty the folder after the export file is created.

The export file will usually be saved by the browser, and you need to get it opened for the references to be imported to EndNote. Se page 2 for examples.
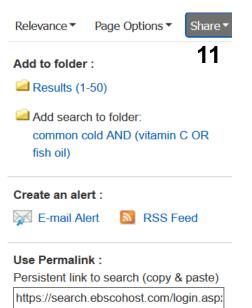

EndNote will now only list the imported references. We recommend that you check a couple of references to see that the import was correct.

Click on **"All references"** in the left pane to see all references in the library.

EndNote™

Importing a complete search result:

It is possible to create an import file (RIS-format) with all references that will be sent to you with an email. Depending on the number of references, this may take some time.
