3H O U S E S is a course on architectural design. it is focusing on the student's ability to formulate clear : poetic : beautiful : informative : STORIES.....and translate these into beautiful and sustainable architecture

U

3HOUSES consists of 3 separate project periodes for the spring term 2019 :

the february house (summer entrance pavilion for the trondheim art museum one of the projects will be picked for immediate realization for the jacob weidemann exhibition opening on the 27th april)

S

the april house (surprise)

the may house (surprise)

M

excursion : in mid march we go 10 days to VENEZIA vicenza veneto altivole treviso scarpa palladio etc (obs : not compulsory -- stay and work in trondheim counts equally -- students have to pay all costs themselves unfortunately)

the theory part 7.5 points : we (you) suggest contemporary architectural practices that you study and present : their world of ideas / their design philosophy

S

language : english (lectures crits) tutorials in norwegian / eng

number of participants : approx : 20
