**Grades to be announced on:** 1<sup>st</sup> July 2016  
**Permitted examination support material:** None

**Language:** English  
**Number of pages:** 2  
**Number of pages enclosed:** 0

**Please discuss:**

Your reading list and lectures provide an overview of different theories and perspectives on development and globalisation.

With reference to the course readings (compulsory and optional) please:

- Choose one development discourse and describe briefly what is its main idea(s) and how it may relate to discourses of globalization
- provide examples of how this theory/paradigm has affected development strategies in one or more cases of your choice; either from one of the course text books or from your home country, and
- assess the outcomes of these ideas and strategies.
