skal ha flervalgskjema

1. What does realism say about international cooperation over environmental problems?
2. What are the three main indicators for evaluating regime effectiveness?
3. Describe the main differences between the survivalist/limits and survival discourse on the one hand and the problem-solving discourse/group of discourses on the other?
4. What is a crisis narrative?
5. How does the food availability decline hypothesis explain famine, and what are its main weaknesses?
6. How could an abundance of oil hinder economic growth?
7. Explain Russia's primary energy security concerns.
8. Does growth in renewable energy lead to economic growth?
