SANT1000 Essay høst 2017

Answer one (1) of the three following questions:

1. Discuss what is meant by cultural relativism in anthropology. Explain how globalisation and culture contact has renewed this concept's relevance. Use examples from the curriculum.

2. Give an account of the processual perspective in anthropology, and discuss how it differs from previous system-oriented approaches and interpretive anthropology.

3. Discuss various aspects of anthropological fieldwork. Use examples from the curriculum.
