

Future Public Mobility

John Hultén

Director K2 – Swedish knowledge center
for public transport

Public transport governance

Institutions

Formal and informal rules telling us:

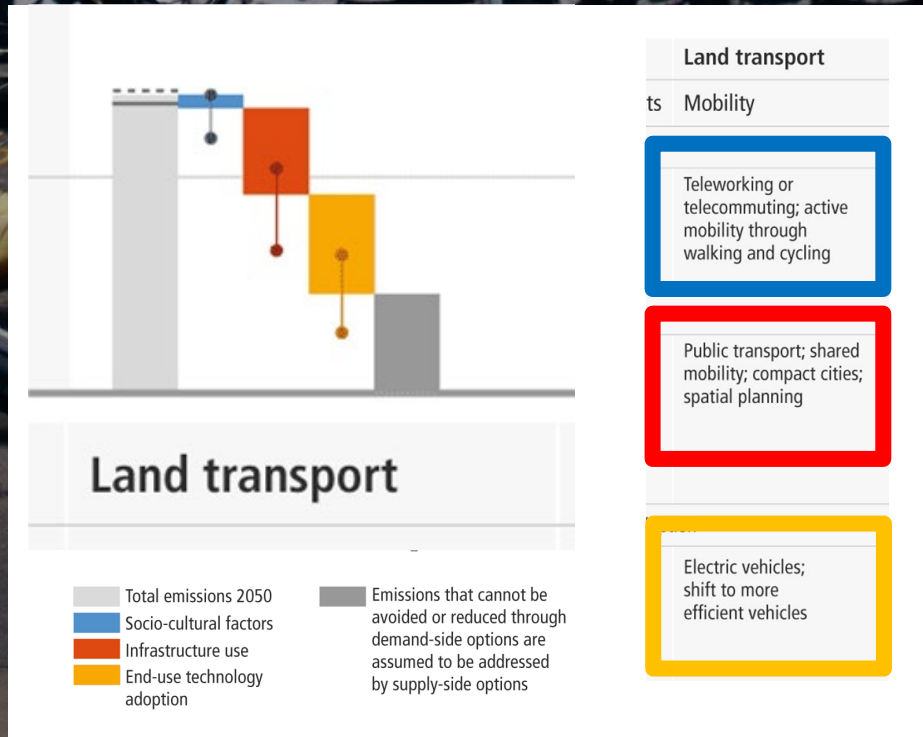

- what we are allowed do
- what we ought to do
- what we want to do

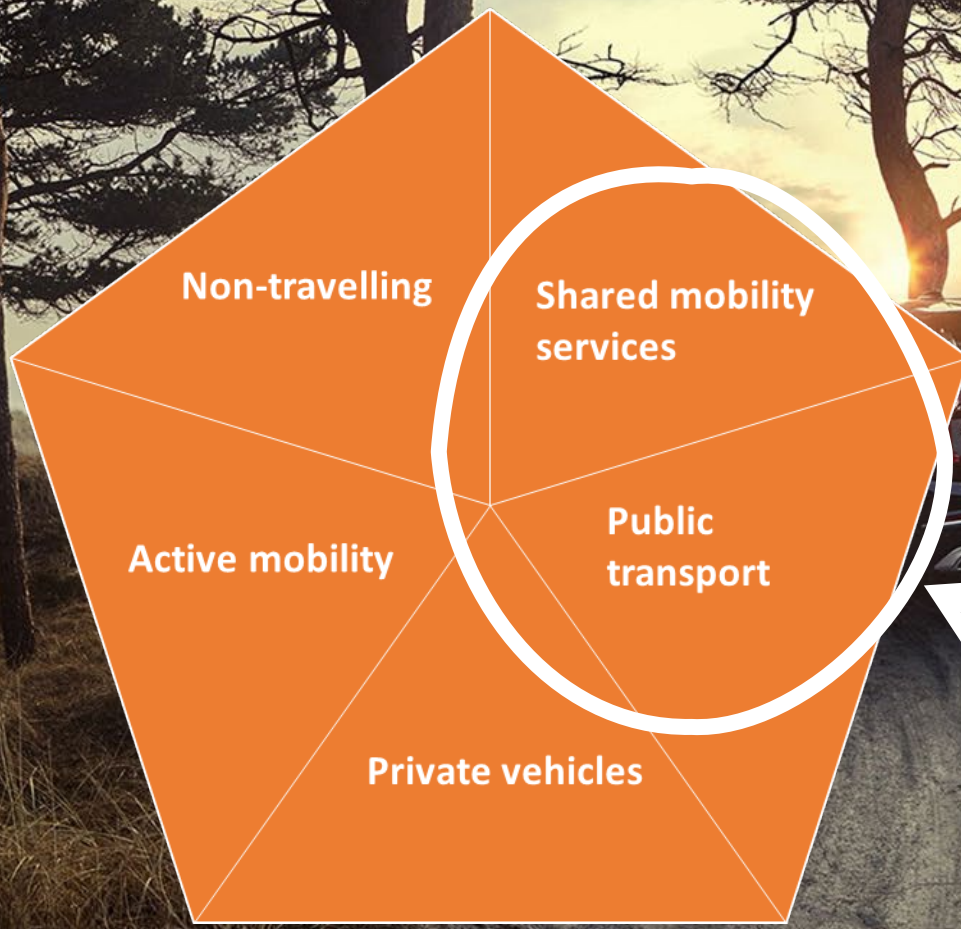

FUTURE PUBLIC MOBILITY

ONGOING WORK...

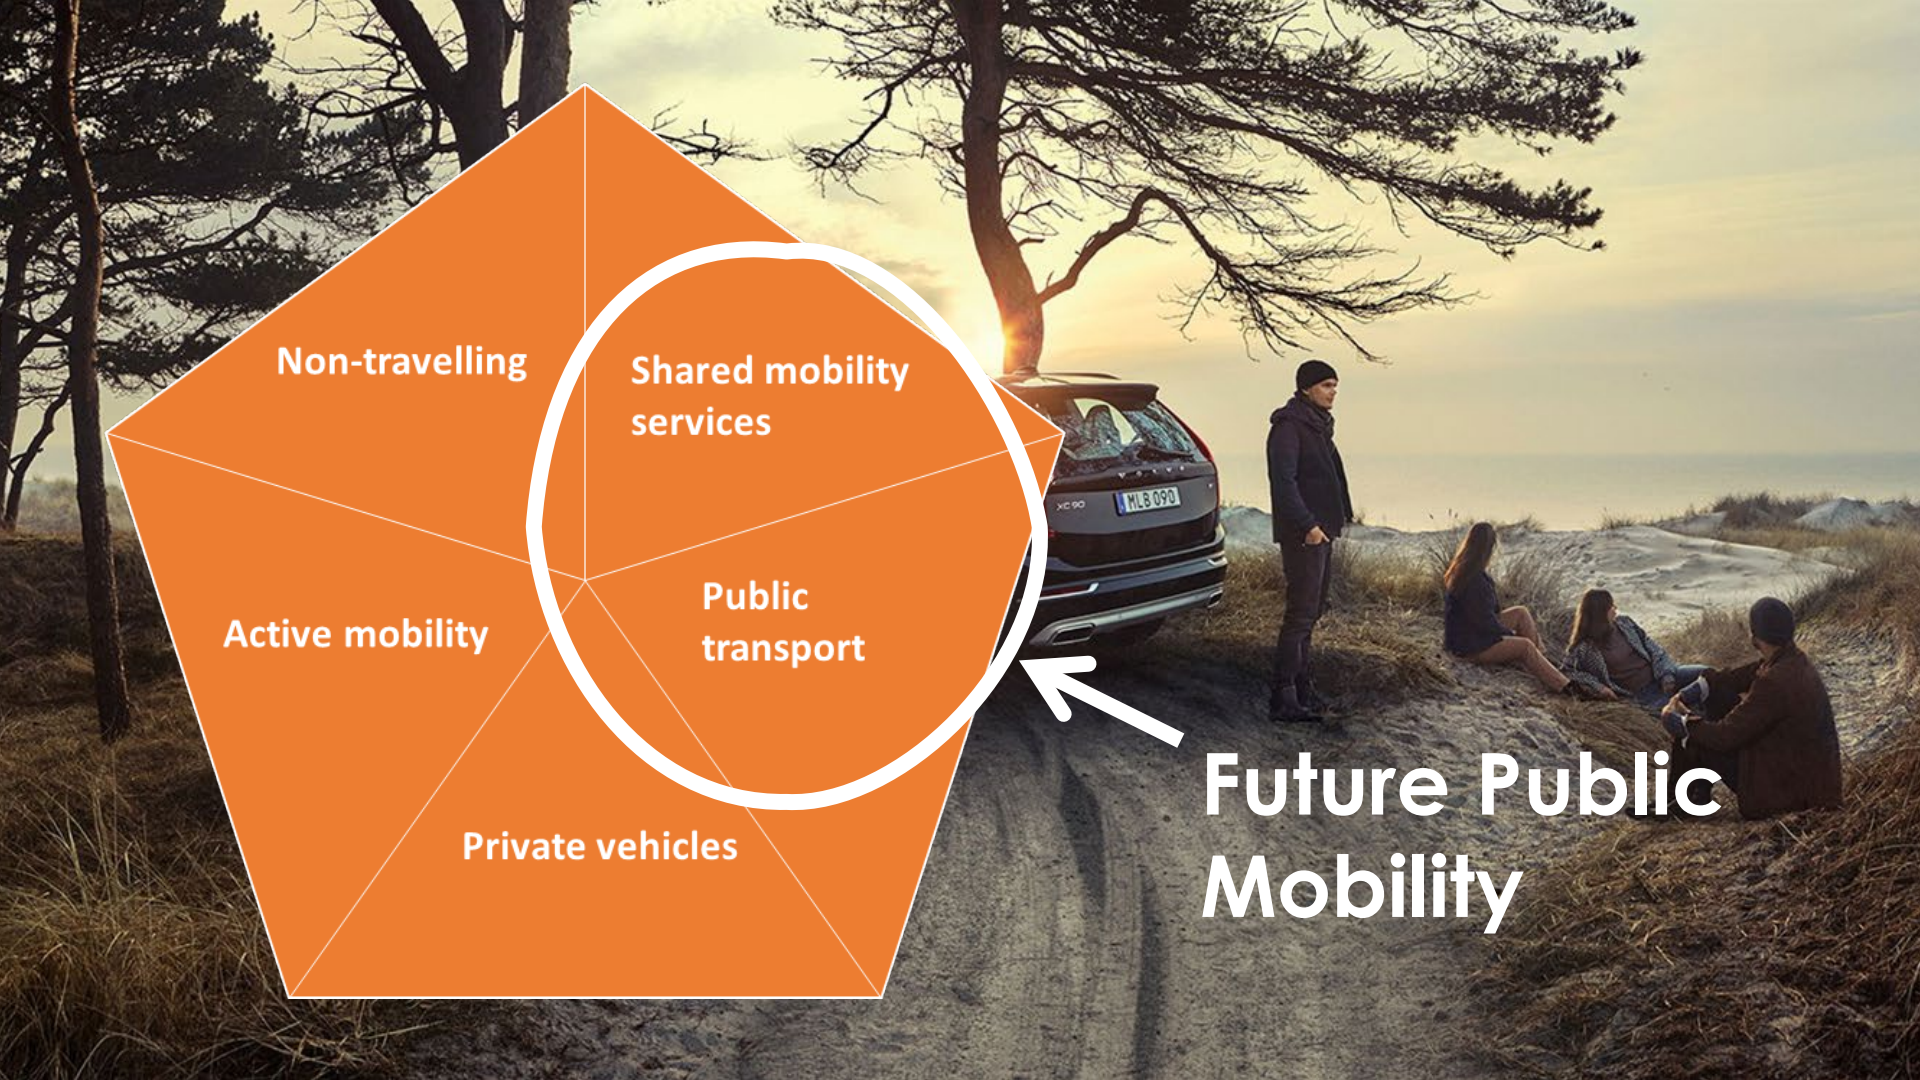

ELECTRIFICATION CRUCIAL – BUT NOT SUFFICIENT

**Future Public
Mobility**

A social contract that
take as point of
departure that **public
mobility** is an option
for more people

...everyone on
reasonable time and
cost
can access any place
in a city and important
places outside cities
without the need to
own his or her own
vehicle

INNOVATION AGENDA FOR FUTURE PUBLIC MOBILITY

- 1. A redefined role for public transport**
- 2. New forms of governance and financing**
- 3. New travel behaviours and individualized solutions**
- 4. Reprioritization of street space**
- 5. Pricing strategies for public mobility**

NEXT STEPS

**A PUBLIC COMMISSION FOR
FUTURE PUBLIC MOBILITY**

**STRATEGIC INNOVATION
PROGRAMME FOR A NEW
SECTOR**

Med stöd av Trafikverket och Vinnova
