

HydroCen

NORWEGIAN RESEARCH CENTRE FOR HYDROPOWER TECHNOLOGY

Welcome to the Hydropower Summit
Ivar Arne Børset, Statkraft
Chairman of HydroCen's board
Trondheim 4th February 2020

Industry and research – successful symbiosis

Research partners

User-partners from industry and government

Three main value levers

“HydroCen is a research centre for environmentally friendly energy. Our main objective is to enable hydropower to meet complex challenges and exploit new opportunities through innovative technological solutions”

- Hydropower in Norway
- Norwegian Hydropower for Europe
- Norwegian Hydropower competence globally

HydroCen and the Global Hydropower R&D Community
