### MIE 2011 WILL BE HOSTED IN NORWAY

MIE2011 will take place at Akershus University Hospital and in Oslo from August 28th to 31st 2011.

The conference will particularly zoom in on user centred health informatics and the realities of clinical practice for health professionals and patients working and living in ICT enabled environments.

We invite contributions focusing on user involvement in design, deployment, and meaningful use of health informatics, connectivity, collaboration and benefit realisation.

The screenshot shows a web browser window displaying the homepage for the MIE 2011 conference. The browser's address bar shows the URL <http://info.mie2011.org/>. The page features a navigation menu with links for Home, Contact, and Travel information. The main content area includes a section titled "MIE 2011 TO NORWAY" which provides details about the conference's location at Akershus University Hospital and its dates. A "Save the dates!" section encourages visitors to join a mailing list and visit the website. The page also lists several supporting organizations, including Akershus University Hospital, Universitetet i Oslo, Helseidrettsrådet, NSEP, KITH, MedITNor.net, NST, and Den Norske Lægeforening. A large photograph of the Akershus University Hospital building is featured at the bottom, with the text "AKERSHUS UNIVERSITY HOSPITAL" and a "visit OSLO" logo.

**MIE 2011 TO NORWAY**  
During its Council meeting in Sarajevo, the European Federation for Medical Informatics elected the Norwegian Society for Medical Informatics to organise its 23<sup>rd</sup> conference.

MIE 2011 will take place in the Oslo region, with opening at Akershus University Hospital Sunday August 28<sup>th</sup>, and the closing ceremony Wednesday 31<sup>st</sup> in an Oslo conference centre. Akershus University Hospital was opened in October 2008, and is one of the most modern, wired hospitals in Europe.
