

# FAQ

Q: How can I apply for the MSc in Sustainable Architecture?

A: see procedure for application at: <http://www.ntnu.edu/studies/mssusarc>

Q: I tried the "Online preliminary application form for applicants under the quota scheme" but I couldn't find "MSc in Sustainable Architecture" on the list of available programs for application. Does that mean that that this program is available only to self-funded students?

A: For the MSc in Sustainable Architecture, you have to fill out the regular online preliminary application form. This MSc-programme has no agreement regarding Quota students, most students are self-funded. Please remember that the deadline for the preliminary application form is 1st of December.

Q: I cant find my University on the list of NTNU's collaboration institutions in application, but it is on the list of collaboration institutions found here ([http://www.ntnu.edu/studies/financingandscholarships/is\\_quota\\_scheme](http://www.ntnu.edu/studies/financingandscholarships/is_quota_scheme)).

A: Candidates from all universities can apply, your school does not have to be part of the Erasmus network of NTNU.

Q: How can take just one of the courses in the MSc in Sustainable Architecture?

A: Procedure for applying for separate courses at NTNU: [[Application for separate courses](#)][FAQ^100816 Application for separate courses.pdf]

- 
- What CADsoftware are used at the course?

Software from Autodesk, ArchiCAD and Microstation are installed at the computer lab.
