Welcome to TDT39 Empirical studies in IT! Please self-register, course teachers cannot register you. This course does not have regular lectures but it is important that you register to the Teams for the course. You will deliver a research plan (see General information). We will announce a couple of meetings during the semester, and information about them will be made available in these pages.

Latest news:

Blog stream
Create a blog post to share news and announcements with your team and company.

Planned deadlines

We will start in August 2020 in Microsoft Teams.
Install the Teams app and join the course Teams for updated information.
