Welcome to TDT39 Empirical studies in IT! Please self-register, course teachers cannot register you. This course does not have regular lectures but it is important that you register to the Teams for the course. You will deliver a research plan (see General information). We will announce a couple of meetings during the semester, and information about them will be made available in these pages.

Latest news:

Blog stream
Create a blog post to share news and announcements with your team and company.

Planned deadlines /lectures:

- We will start in August 2020.
- Install the Teams app and join the course Teams for updated information.
